

MANGALMURTI INDUSTRIES

COMPANY PROFILE

- "Engineered for Perfection, Delivered with Precision."

- Mangalmurti Industries, established in 1998, has carved a niche for itself in the specialized sectors of pharmaceutical and food processing machinery manufacturing.
- We specialize in the large-scale manufacturing of **precision and accurate machine parts** tailored to meet the exact requirements of our clients. Our expertise lies in **producing high-quality components based on detailed client drawings**, ensuring that every part we deliver aligns perfectly with the specifications provided.
- Overall, Mangalmurti Industries focus on precision, accuracy, and direct client engagement has positioned it as a reputable and trusted player in the manufacturing industry.
- we work with **pharmaceutical, automotive and food processing machinery manufacturing sectors.**

M/C FACILITIES

At Mangalmurti Industries, we are equipped with a comprehensive range of machinery, from basic to advanced, ensuring precision and efficiency in our manufacturing processes. Our capabilities include:

| SR NO. | NAME OF MACHINES | SIZES | ACCURACY | MAKE |
|--------|------------------|---|--------------|------------------------------------|
| 1 | VMC MACHINE | 1250 X 600 MM | 0.00 TO 0.01 | BFW |
| 2 | CNC LATHE | DIA : 5 TO 200 MM LENGTH : 600 MM | 0.00 TO 0.01 | MICROMATIC MACHINE TOOL PVT LTD |
| 3 | LATHE MACHINE | DIA : UPTO 200 MM LENGTH : UPTO 800 MM | 0.00 TO 0.02 | ALFA |
| 4 | LATHE MACHINE | DIA : UPTO 200 MM LENGTH : UPTO 600 MM | 0.00 TO 0.02 | ALFA |

M/C FACILITIES

| | | | | |
|----|---------------------------------|---|-----------------|--------|
| 5 | LATHE MACHINE | DIA : UPTO 150 MM LENGTH : UPTO 500 MM | 0.00 TO 0.02 | ALFA |
| 6 | LATHE MACHINE | DIA : UPTO 100 MM LENGTH : UPTO 300 MM | 0.00 TO 0.02 | ALFA |
| 7 | MILLING MACHINE | - | 0.05 TO 0.1 | ICON |
| 8 | CYLINDRICAL GRINDING MACHINE | - | 0.00 TO 0.01 | SHIVAM |
| 9 | DRILLING MCHINE | - | 0.05 TO 0.1 | SKP |
| 10 | HECKSHAW MACHINE | - | - | BHARAT |

OUR PRODUCTS

- Pharmaceutical Powder Valves
- Steel Vent Filter Housings
- Pharmaceutical Precision Machinery Parts
- S.S. Parts
- Teflon Parts
- Precision Parts & Component
- Fabrication Job
- Oldham Coupling

POWDER VALVES

Understanding the requirements of the customers, we are engaged in **manufacturing and supplying Powder Valve**. Our professionals ensure to follow industry set standards and utilize superior quality material to manufacture these valves. Along with this, our professionals strictly follow the norms and standards of the industry, at every stage.

- **These valves are appreciated for their following features:**

1. Durability
2. Compatibility
3. Easy Maintenance
4. Dimensional accuracy

PHARMA MACHINERY PARTS

We are manufacturer of high-quality pharmaceutical machinery parts. We specialize in **producing precision-engineered components** that are essential for the smooth operation of pharma manufacturing equipment. Our product range includes parts for **tablet presses, inject shafts and other critical machinery** used in the production and packaging of medicines. We ensure that our parts meet strict industry standards for quality and hygiene, supporting the pharmaceutical industry's need for reliable and efficient machinery.

TEFLON PARTS

We specialize in manufacturing custom Teflon parts tailored to meet specific requirements. With a focus on precision and quality, our Teflon components are designed to withstand extreme conditions, **offering excellent durability, chemical resistance, and high-performance** characteristics. Whether for industrial, automotive, or other specialized applications, we provide reliable, made-to-order solutions that ensure optimal functionality and longevity.

OLDHAM COUPLING

We specialize in providing high-quality Oldham couplings designed to meet the diverse needs of various applications. **Whether you require standard or custom configurations**, our couplings deliver exceptional performance, reliability, and precision. With the capability to handle **orders of all sizes, from small batches to large-scale** requirements, we are committed to supporting industries ranging from automation and robotics to manufacturing and beyond. Trust us to deliver the right solution for your coupling needs, ensuring seamless operation and maximum efficiency in your systems.

- **HELPS IN APPLICATION:**

1. It can accommodate large radial misalignment
2. It possesses low moment of inertia and has an uncomplicated installation in blind.

STEEL VENT FILTER HOUSING

We specialize in manufacturing steel vent filter housings, which are crucial components in pharmaceutical and other industries where sterile filtration is essential. These housings are designed to encase filter elements that allow air or gases to vent while preventing contaminants from entering the system. Our steel vent filter housings are engineered for **durability, corrosion resistance, and ease of maintenance**, ensuring they meet the stringent requirements for cleanliness and safety in controlled environments.

MANUFACTURING SECTORS:

Based on our company's expertise in manufacturing pharmaceutical machinery parts and precision parts, Mangalmurti Industries could cater to various sectors, such as:

1. Pharmaceuticals
2. Healthcare Equipment
3. Food & Beverage
4. Automotive
5. Textile Industry
6. Oil & Gas
7. Engineering and Heavy Machinery

WHY US ?

We earned significant market value through our precision work, long-term business strategies, and commitment to quality, establishing us as a trusted leader in the industry.

- **Some of the other factors that make us the most preferred choice of our customers are:**
 1. Superior quality of products
 2. Competitive pricing
 3. Customization as per customer's requirement
 4. Latest manufacturing facilities
 5. Capability to meet immediate and bulk requirement
 6. Timely delivery of consignments.
